## Why Form a Company in Belize?

Belize (formerly called British Honduras) since independence from Britain in 1981 has had an extremely stable and democratic government.

A Belize Company Formation has become an increasingly popular offshore entity due to the speed in which a company can be incorporated. Most companies in Belize are easily formed within 1 - 2 weeks.

Another reason for the rise in popularity for a Belize company, is that the Managers have one of the highest levels of privacy protection. The information for a Manager and Member are kept confidential and the information on Managers and members are not filed with the Belize Company Registrar.

Therefore, the information will not be made available to the public and will not be shown on any public

documents.

A Belize company formation attracts many business owners due to its flexibility, only one Manager and one Member is required. The Manager and Member have no requirements to have a physical address in Belize and can reside anywhere in the world. A Belize company has to maintain a registered office address and registered agent in Belize. Most registered agents offer the address as standard.

Due to the flexibility of a Belize Company Formation, it can be incorporated for a number of different reasons and business activities. A Belize Company Formation has features protecting the owners of the company and is not subject to any reporting requirements.

## **Accounting Records**

The new Accounting Records Maintenance Act has now come into force in Belize.

Each Belize company must provide accounting records annually.

Accounting records are defined as transactions in respect to the company's assets and liabilities, receipts and expenditures, and any other transactions they conduct. This could include:

- Bank Statements
- Receipts
- Invoices
- Vouchers
- Title Documents
- Contracts and Agreements
- Ledgers
- Any other documentation underpinning a transaction

An affidavit (CFS will provide a template) is required to be signed and witnessed by a notary public and must be accompanied by the financial statements.

If the company is dormant the affidavit will need to be accompanied by a nil balance sheet and a letter with the company's letter head stating that the company is dormant and has not generated any revenue during the accounting period.

If the company is holding assets a balance sheet will need to be provided that reflects the value of the asset that the company holds and also be accompanied by the affidavit.

Please Note: We are unable to renew your company without the full accounting records.

It is the Managers responsibility to ensure the records are kept with the registered office.

If a company fails to be compliant it will result in the Financial Services Commission taking enforcement measures against the company.

# **Tax Information for your Belize Company Registration**

A great benefit to a Belize Company Formation is that it is exempt from all local taxes if the company is not trading in Belize. Exemption includes; income tax, dividend tax, capital gain tax, and stamp duty on the transfers of corporate properties and shares.

## **Company Name**

When choosing a name for a Belize company formation, you must ensure all words are in English. The name must end with a word, phrase or abbreviation such as Limited Liability Company (LLC)

All managers and members should be at least 18 years old.

Please note that if the company has a complex corporate structure, an additional compliance fee may apply.

## **Annual Requirements**

For a Belize company registration, annual requirements are minimal.

There is no requirement to file accounts.

The government fees must be paid annually and are included in the CFS annual renewal fees. Also included in the renewal fees is the renewal of the Registered Office and Registered Agent.

There is no requirement to file financial reports and there are no mandatory audit requirements for a company in Belize.
