Why Form a Company in Seychelles

A Seychelles company registration has become a popular choice in recent years. This is partly due to the speed a Seychelles company formation can be completed - usually within 24 hours. The Seychelles incorporation is an International Business Company (IBC), designed to engage in international business.

One of the main reasons why a Seychelles company registration continues to be one of the top jurisdictions to incorporate is the unparalleled level of privacy within the company. A great advantage

about a Seychelles company formation is there are no public filings or disclosure of the shareholders, directors or beneficial owners.

When considering a Seychelles company registration, a definite advantage is the high availability of company names.

The corporate structure of a Seychelles company formation is flexible. When it comes to a Seychelles company registration, there is no need for the owners to have any physical address in the Seychelles - the only requirement is a registered agent with a registered office address.

Seychelles is not a dependency of Great Britain and the British Crown, nor is it a dependency of an EU member state. This means it has more freedom to make its own rules, particularly public filings and beneficial owner requirements.

Tax Information for your Seychelles Company Registration

A great benefit to a Seychelles company registration is the tax requirements because IBCs do not pay taxes in the Seychelles.

There is also no stamp duty or other taxes levied when shares in a Seychelles IBC are transferred or sold. However, please bear in mind that to remain tax free the business activities of your Seychelles company formation must not be carried out in the Seychelles itself.

Company Name

When choosing a name for a Seychelles company formation, you must ensure all words are in English. The name must end with a word, phrase or abbreviation that indicates limited liability such as Limited (LTD) or Corporation (Corp).

Directors, Shareholders and Secretary

For a standard Seychelles company formation, a minimum of one director and one shareholder is required, however, they do not need to reside in the Seychelles and they can be corporate bodies. Nominee Director and Shareholders are also permitted in a Seychelles company registration.

Share Capital

The standard currency for a Seychelles company formation is USD with an authorised capital of 100,000 USD. The minimum paid up share is 1.

A Seychelles IBC may issue registered shares only, and any of these may be designated as voting shares, non-voting shares or shares having more or less than one vote per share.

Annual Requirements for your Seychelles Company Registration

For a Seychelles company registration, annual requirements are minimal.

There is no requirement to file accounts or a company annual return.

Government fees must be paid annually although these remain the lowest in comparison to other jurisdictions like BVI and Belize.

The company must maintain its registered office and registered agent in the Seychelles - both of these are included in the CFS annual renewal cost.

A Seychelles IBC does not have to submit any financial reports to public file. There is also no mandatory audit requirement.

Due to a recent change in the IBC Act, Seychelles Companies will be required to complete annual reporting. More information to follow.

Beneficial Owners

All companies must file the beneficial owner details with the FIU.

This will be done at the time of formation.

Beneficial ownership database at the FIU (Financial Intelligence Unit) is for storing information of beneficial owners provided via their registered agents. The data centre will not be made available for public view. Only some public authorities in Seychelles are granted access to the database.

Re-domiciliation

We are able to assist with re-domiciling a company to the Seychelles. Please [contact us](#) for more information.

Re-domiciliation is the process which is taken by a company that wishes to move from one location to another by changing the country under whose laws it is registered or incorporated, whilst maintaining the same legal identity.

Yearly Renewal **£425.00**

On a yearly basis, a Seychelles company formation must be renewed with the registered agent and authorities in Seychelles. Renewing your company ensures that it is kept in good standing with the authorities, and that there are no other accounting requirements for a Seychelles Company. Any Nominee Officers will require renewing on a yearly basis.

The price for a Seychelles yearly renewal is £425.00

The following is included in a Seychelles yearly renewal:

- Registered Agent
- Registered Office
- Government Registration Fees

In order to keep the company in good standing, the company must be renewed on an annual basis.
