United States of America

Key Features of a United States Company Formation

- Fast incorporation usually completed within 48 hours (subject to compliance review)
- Form a US LLC or Corporation remotely from anywhere in the world
- No requirement to visit the United States
- Suitable for non-US residents and international entrepreneurs
- Flexible company structures available depending on your business goals
- Registered Office and Registered Agent included
- Access to US banking and payment platform opportunities
- Dedicated account manager throughout the formation process

The United States is one of the world's largest and most respected business markets, making it an attractive location for entrepreneurs looking to expand internationally. Forming a company in the USA can help establish credibility, access global customers, and provide a strong business presence for online and international trading businesses.

We can assist with incorporating companies in a variety of US states including Delaware, Wyoming, Nevada and Florida. The most suitable state will depend on your business activities, tax considerations and operational requirements.

The most popular company types are:

- **Limited Liability Company (LLC)** – Flexible structure with simple management
- **Corporation (INC/C-Corp)** – Popular for businesses seeking investment or shareholders

Why Incorporate a Company in the USA?

The United States is recognised globally as a leading destination for business incorporation due to its strong legal framework, business-friendly environment and international reputation. Many entrepreneurs choose to establish a US company to improve customer confidence, gain access to payment providers and operate within one of the largest economies in the world.

A US LLC offers flexibility and simplicity, making it ideal for online businesses, consultants, eCommerce sellers and international trading companies. A Corporation structure may be more suitable for businesses intending to raise investment or issue shares.

Depending on the state selected, benefits may include:

- Flexible ownership structures
- Low annual maintenance requirements
- Strong privacy protections
- Business-friendly legal systems
- International credibility
- Competitive state filing fees
- Remote incorporation process

Popular US States for Incorporation

Delaware LLC

Delaware remains one of the most popular states for incorporation due to its well-established corporate laws and business-friendly legal system. It is frequently chosen by startups, holding companies and international businesses.

Wyoming LLC

Wyoming is often selected for its low annual fees, privacy benefits and straightforward reporting requirements. It is a popular choice for smaller businesses and digital entrepreneurs.

Nevada Corporation

Nevada offers strong privacy protections and is frequently used by businesses looking for a corporation structure with flexible management.

Florida Company Formation

Florida is a popular option for businesses trading directly within the United States and those seeking a physical operational presence.

What’s Included in the package?

- Incorporation of a United States Company
- Registered Office for 1 Year
- Registered Agent for 1 Year
- Preparation and Filing of Formation Documents
- Copy of Certificate of Incorporation
- Filing of Beneficial Ownership Information (where applicable)
- Digital Company Documents
- Dedicated Account Manager

Timescale

Once we have received all the required due diligence documents, the incorporation process is usually completed within approximately 48 hours, subject to compliance review and state approval times.

Please note that response times may vary depending on time zone differences and additional compliance checks where required.

Offshore & International Business Banking

After your company has been incorporated, you may wish to open a business bank account or payment platform.

CFS International Formations works with a range of international banking and payment partners who offer solutions suitable for online businesses, international trading companies and startups.

Available options may include:

- Multi-currency business accounts
- Online payment platforms
- International wire facilities
- Debit cards and virtual banking
- Merchant services

Banking availability will depend on your nationality, business activity and country of residence.

Annual Requirements

All US companies are required to maintain their Registered Agent and Registered Office annually.

Depending on the state and company structure selected, additional annual requirements may include:

- State renewal fees
- Franchise taxes
- Annual reports
- Federal tax filings
- Accounting obligations

Our team can provide guidance regarding the ongoing requirements for your chosen state.

Due Diligence Documents

To comply with anti-money laundering regulations, we are required to collect due diligence documents for all company officers and beneficial owners.

Typically required documents include:

- Certified Copy of Passport

- Proof of Address dated within the last 3 months
- Selfie / Identity Verification

Additional documentation may be requested depending on the nature of the business activities.

Business Activities

Most lawful business activities are permitted within a United States company structure.

If your intended activities involve regulated sectors such as:

- Cryptocurrency
- Financial services
- Gambling
- Investment services
- High-risk industries

additional compliance checks or licensing requirements may apply.

Please contact our team before ordering if your business falls into a regulated category.

Why Use CFS for Your US Company Formation?

We pride ourselves on providing a professional, confidential and efficient incorporation service for clients worldwide.

Our experienced team can assist with:

- Selecting the most suitable US state
- LLC and Corporation formations
- Registered Agent services
- Business banking introductions
- Ongoing company maintenance
- International client support

Once your order has been placed, you will be assigned a dedicated account manager who will guide you throughout the entire process.

FAQ’s

Can a non-US resident incorporate a company in the United States?

Yes. Non-US residents can form both LLCs and Corporations in many US states without needing to visit the United States.

Which US state is best for incorporation?

This depends on your business activities and goals. Delaware, Wyoming and Nevada are among the most popular options for international clients.

Do I need a Registered Agent?

Yes. All US companies are required to maintain a Registered Agent within the state of incorporation – this is included in the price of the company formation.

Can you help with a US business bank account?

Yes. We can introduce clients to banking and payment partners suitable for international business owners.

How long does the process take?

Most US company formations are completed within approximately 48 hours after receipt of all required documents, subject to the chosen state and compliance approval.

Testimonial

"The process of setting up our US company was extremely straightforward. The team guided us through every stage and our company was incorporated quicker than expected. Excellent service throughout."
